Announcement of product revision

October. 2022

Dear Customers,

Morinaga Institute of Biological Science, Inc. now announces that a series of Rapid Test Pro II has been revised, as shown in the tables below. However, there is no change in the Limit of detection and the procedures.

The composition of the Diluent contained in the Rapid Test Pro II for Egg, Total Milk, Gluten, and Peanut differs from the ones of the former products. So please do not mix-up the former Diluent.

●Before revision

| Product | Cat. No. | Lot # | Diluent | Positive Line |
|---------------------------------|----------|---------|---|---------------|
| Rapid Test Pro II for Egg | M2261 | ~ PE022 | In 3 products, Diluent is the same composition (Red cap bottle) | Red |
| Rapid Test Pro II for Casein | M2262 | ~ PC022 | | |
| Rapid Test Pro II for Gluten | M2263 | ~ PG022 | | |
| Rapid Test Pro II for Peanut | M2265 | ~ PP020 | In 2 products, Diluent is the same composition (Blue cap bottle) | |
| Rapid Test Pro II for Buckwheat | M2264 | ~ PB021 | | |

●After revision

| Product | Cat. No. | Lot # | Diluent | Positive Line |
|----------------------------------|----------|---------|--|---------------|
| Rapid Test Pro II for Egg | M2261 | PE023 ~ | In 4 products, Diluent is the same composition (Clear cap bottle) | Black |
| Rapid Test Pro II for Total Milk | M2269 | PM001 ~ | | Red & Black |
| Rapid Test Pro II for Gluten | M2263 | PG023 ~ | | Red |
| Rapid Test Pro II for Peanut | M2265 | PP021 ~ | | |
| Rapid Test Pro II for Buckwheat | M2264 | PB022 ~ | Only for Buckwheat kit (Blue cap bottle) | |

*Since Rapid Test Pro II for Total Milk, M2269, has been launched, Rapid Test Pro II for Casein, M2262, is discontinued.

If you have any questions, please contact info_miobs_e@morinaga.co.jp.

Sincerely yours,

Sales team, Morinaga Institute of Biological Science, Inc.
